

## **Gary Goldberg Financial Services Recognised in Prestigious Industry Awards**

15 October 2014

United Kingdom – Gary Goldberg Financial Services has been recognised by Wealth & Finance International magazine's Wealth & Money Management Awards 2014, for Sustained Excellence in Money Management in New York.

The Wealth & Money Management Awards recognise the achievements of those working within the investment and financial services community – from asset managers, wealth managers, private bankers and financial planners to brokers, banks, family offices, financial advisory firms and consultants.

The awards pay homage to the leading professionals for going above and beyond in assisting their clients with managing their wealth, planning for the future of their business or their family and for providing sound advice in all areas of finance.

Wealth & Finance has welcomed nominations for firms throughout the globe, from very small niche practices to large corporations and have ensured that those who do go on to win one of these highly sought-after awards have been selected on merit and are based upon the votes received, the further evidence supplied and based on our own in-house research.

Gary Goldberg Financial Services' success in this year's awards come after 12 months' hard work serving individual investors' needs, adhering rigorously and consistently to a well-established process, as well as maintaining strong client relationships.

The firm has been helping its clients achieve their retirement goals since 1972, with an investment process designed and implemented by its Strategic Investment Committee, whose five members have over 140 years of investment management experience.

### **Oliver Pursche, President, Gary Goldberg Financial Services, said:**

“Being recognised for Sustained Excellence in Money Management in New York by the Wealth & Money Management Awards brought a smile to my face, because although we have received lots of high profile accolades, being told that you are achieving good results consistently is more worthy.”
